

DIDSBURY PIONEER

VOL. XXIV

Thursday, December 1 1927

No. 48

Poultry

The last car will be here on Thursday, December 8th. Phone 42 for particulars. We pay CASH.

The Hub

We want live birds. Hens, chickens, ducks, geese, and turkeys. Dressed turkeys will be received.

Xmas Groceries

Currents, Raisins, Bleached Sultanas, Figs, Bulk Dates, Cherries, Peels, Walnuts, Almonds, Extracts, Candied Ginger, Bulk Mincemeat, New Whole Nuts. All Fruits and Nuts come to you straight from the Grower.

Royal Purple Calf Meal produces wonderful results. Day-Mash produces eggs.

We have a few poultry crates here to lend. This week we pay 45c for fresh eggs.

BEAUTIFY YOUR FARM

Joy" for Wife and Children
Make the Surroundings "a Thing of From time to time the Pioneer has endeavored to awaken the interest of both farmer and town dweller in tree culture, believing that in doing so it will increase the happiness of the resident and foster a greater contentment in his environment.

In driving around the country one cannot help but regret (necessary though it may seem, the removal of trees and brush which for many years have helped to beautify the countryside. Happily, there is a remedy, and one which can be applied without encroaching on land suitable for crops. It is a lustrous picture to come upon a farmhouse utterly destitute of trees and shrubbery, and its effect upon the beholder can only be realized when one compares it with the dwelling whose owner has worked in harmony with nature and accepted the aid which the co-operation brings.

At a recent meeting in Calgary, Mr. Bark, president of the Alberta Corn Growers' Association, gave a thoughtful address on this subject. He declared that there was much in the matter of beautifying the land which remained a closed book to the layman today and he cited many instances of progress which have been made on the irrigation project at Brooks. Ten years ago there was not a tree on the million acres of ground in the tract and since then more than a million trees have been distributed in that district. These were beginning to make a wonderful showing, the principal variety being Russian poplars, of which there were specimens eight years old, 50 inches in circumference at the base and 30 feet high.

Mr. Bark declared that contrary to the general belief that Russian poplar and cottonwoods were the only ones that would thrive in Alberta, there were many others, including elms, birches, maples, ash, oak, pine, spruce, tamarack and others, and a great variety of shrubs, such as lilacs, honeysuckle, sumak and a dozen different kinds of willows.

Picture of Delight

The speaker dealt with a possible layout of these shrubs and trees painting a vivid picture of delight wherein the present-day farm with its open yard, the pigs running at large and poultry masters of the domain, might be changed to a scene of pastoral beauty.

He pictured a cosy little farmhouse with Kentucky blue grass lawns in front; Virginia creepers on the verandah and hardy perennial flowers, including peony, iris, tulip and others laid out in well-formed beds. Behind the house he pictured a tall wind break of trees and undergrowth screening and protecting a garden containing asparagus, rhubarb, strawberries, raspberries, gooseberries, currants, and cherries, wild plums and hardy crab apples, in addition to the usual varieties of vegetables.

Such surroundings, Mr. Bark declared, would make the farm a place of contentment—a home instead of just a place to live while the crops are growing. He declared that in surroundings such as these the farmer and his wife might work out lives of happiness and prosperity.

Coalman: "When I got round with that load o' coal for Mr. Jones, 'is house was on fire!"

Coal merchant: "That's unfortunate! I suppose he told you to bring it back?"

"No," he said, "it was anything like the last lot, I'd better throw it on!"

The Order of the Eastern Star will hold their annual Whist Drive and Dance on Tuesday, December 27, 1927. Cards at 8:30 sharp. A good orchestra will be in attendance and refreshments will be served.

The Women's Guild of St. Cyprian's Church will hold a sale of work and home-cooking on Saturday, December 3rd at the Opera House. Afternoon tea will also be served.

\$5.00 in Gold

Given away to some one buying a tin of Heinz Pork and Beans. A Fine Xmas Present. Contest closes very soon.

Spillers Bake-Rite Flour

Milled in the new daylight mill in Calgary. If you haven't tried Bake-rite, you haven't had the best. It cooks the whitest bread you ever saw; every purchaser repeats. All are enthusiastic. Be fair to yourself. Give it a trial. Present price \$5.10 per hundred weight.

BUILDING OF NEW MANITOBA RAILWAY MARKS IMPORTANT NATIONAL DEVELOPMENT

The Government of Manitoba has reached an agreement with the Dominion Government and the Canadian National Railways whereby construction will be begun immediately upon to serve the highly mineralized section of a line of railway, 85 miles in length, from the Saskatchewan border to the Hudson Bay coast, north of The Pas. Under this arrangement, the Government of Manitoba, instead of guaranteeing the bonds of a railway through the region, as previously planned, will make payments not exceeding \$100,000 annually, for a period of five years, towards meeting possible deficits incurred in the operation of the line during the development period through which the territory must necessarily pass.

The Whitney mining interests, who are developing the Flin Flon property, which the new railway will reach, have agreed to contribute the sum of

\$250,000 immediately, towards the cost of the railway in order that arrangements can be made to build the line without delay. The mining interests have also contracted to build and operate a smelter at the Flin Flon property capable of treating three thousand tons of ore per day, and will proceed with a large water power development, capable of producing 270,000 horse power, which power will be of the utmost value in the operation of other mining properties, or pulp and paper mills. An initial investment of \$18,000,000 will be made in this section of Northern Manitoba by the Whitney interests, an amount which will later be increased. Ore has been blocked out or indicated by diamond drilling to the value of \$200,000,000 at the Flin Flon and there are other large mineralized deposits in the general area having a total ore value estimated at an additional \$300,000,000.

The new railway will extend north from Mile 8 on the Hudson Bay Rail-

way to the Flin Flon property, its route closely paralleling the Saskatchewan boundary, to a point where the height of land is reached, and the cost is estimated at \$3,500,000. A satisfactory freight rate basis has been established.

The grants of the provincial government and of the mining company will go to the Northern Manitoba Railway, but this company will be entirely controlled by the Canadian National Railways, which will receive the authority of the Canadian Government to lease and operate the road, paying interest on the actual construction cost.

As indicated, the Manitoba Government had agreed to guarantee the bonds of the Manitoba Northern, but after conference, at Ottawa, between the Hon. Charles A. Dunning, Minister of Railways and Canals, Premier Bracken, and representatives of the Canadian National Railways and the mining interests, it was decided that the plan now to be adopted would per-

mit the important national development to proceed without delay. The work of construction will, it is expected, start immediately after the first of December, on which date the Whitney interests exercise the option they hold from the Mining Corporation of Canada. Work will be pushed rapidly ahead, in order that steel may be laid in the winter of 1923 and supplies taken in for the erection of the smelter and the power plant.

The Flin Flon is only one of many mining properties in this general area and it is estimated that there are ore bodies in the region, comprised largely of zinc and copper, having a total value of \$500,000,000. The ore is not of as high a grade as is to be found in some other fields and calls, therefore, for a larger expenditure on labor and machinery, with smaller returns per ton of ore. The ore deposits in Northern Manitoba are, however, very much larger than those yet disclosed in any section of Eastern Canada.

For Mild Winter Climate. Good Accommodation To Suit All Pockets. The Farmers' Holiday Playground.

WORLD HAPPENINGS BRIEFLY TOLD

The Dominion Government will, it is expected, shortly be in the market for a loan of possibly around \$50,000,000. Hon. J. A. Robb, Minister of Finance, now has the question in hand.

A ton of counterfeit Soviet bank notes, with a face value of many millions rubles, was discovered and confiscated by police in a printing plant at Frankfurt-on-Main.

The total number of persons killed by automobiles in the City of New York for the first nine months of 1927 was 774, as compared with 739 for the same period of 1926, showing an increase of 35.

The New York World, Democrat, says that the politicians of New York state have been highly mystified by the upspringing of a great deal of quiet activity on behalf of Vice-President Dawes as a possible candidate for the Republican nomination for president.

The Companionable Smock

There was a time not long ago when the smock was identified as the working costume of an artist, but of late it has been adopted as office uniform, house frock, and for every type of practical wear. Women find them more convenient to slip on and off, and they are very becoming, besides lending themselves to a variety of designs in cotton washable fabrics. The smock presented here is voted one of the attractive models. It is fashioned of cotton broadcloth in plain color, with collar, revers and large pockets of printed cretonne in a becoming design. There are gathers over the bust, and it has long set-in sleeves. No. 1539 is in sizes 34, 36, 38, 40, 42 and 44 inches bust size. Size 36 bust requires 2 yards 36-inch plain material, and 1 1/2 yards figured. Price 20 cents the pattern.

Many styles of smart apparel may be found in our new Fashion Book. Our designers originate their patterns in the heart of the style centres, and their creations are those of tested popularity, brought within the means of the average woman. Price of the book 10 cents the copy.

Bad News For Students

German School Board Has Equipped Buildings With Baths

Melancholy days have come for the school children of Russellheim, Germany. The School Board has equipped all of the school buildings with baths and has ordered weekly ablutions for every pupil.

Protests were registered by indignant parents that their offsprings never dodged the proverbial Saturday scrub, but the stern members of the board refused to change the ordinance. Teachers have been instructed to inspect necks and ears to see that the job is done properly.

Long Standing Asthma. Many have suffered so long from asthma and have tried so many so-called remedies they think that there is no real help for them. They should read the letters received by the manufacturers of Dr. J. D. Kellogg's Asthma Remedy from hundreds of cases once as desperate as their own. Even in long-neglected cases this famous preparation brings prompt help.

"Did you stay long on your holidays in the country?"

"Five or six weeks. Just long enough to dirty a shirt!"—Pages Gales, Yverdon.

Fight For Speed Record

Rivalry Between Britain and U.S. Is Becoming Intensified

A British car with two engines of 20 h.p.—the size that thousands of British motorists use in their everyday cars—is being designed and built in secret to attain a speed of 250 miles an hour.

It is so advanced that the makers, the Sunbeam Company of Wolverhampton, expect to have it ready at the beginning of May. Its trials may be on a secret new course in England in the first week in June.

The car has been designed by Louis Coatalen, engineer-in-chief of the Sunbeam Company, and it is highly probable that "Bill" Guinness, founder and designer of the famous K.L.G. sparkling plug, and one of the most renowned of British racing motorists, who retired a few years ago, will drive the machine.

Next year is likely to witness the most tremendous fight for speed supremacy between America and England on land and in the air. It was stated recently by an American engineer at the motor show that American designers have already got to work on an aeroplane with a theoretical speed of 340 miles an hour.

Cuts and Bruises Disappear.—When suffering from cuts, scratches, bruises, sprains, sore throat or chest and any similar ailment, use Dr. Thomas' Electric Oil. Its healing power is well-known in every section of the community. A bottle of Dr. Thomas' Electric Oil should be in every medicine chest ready for the emergencies that may always be anticipated.

It has been estimated that the earth can maintain a population of 6,000,000,000, a total which will be reached about 2100 at the present rate of increase.

Mind's Link for Colds.

Christmas Seals Campaign

Manitoba Sanitarium In Need Of Funds To Carry On Good Work

This is the first year of a Canada-wide Seal Sale to fight tuberculosis. The Manitoba Sanitarium, Ninette, Man., is using this method to raise funds for carrying on the work of combating this dread scourge. Christmas seals have become an institution, almost like old Santa himself, and their use grows more popular each succeeding year. Appealing particularly to the people of Manitoba, the Ninette Sanitarium is asking for a widespread use of these seals at this coming holiday season. The Christmas seals sell for one cent each. By sending a dollar to the Sanitarium and ordering a hundred seals, you will then be able to scatter a hundred health messages, and each dollar's worth provides nearly ninety cents for prevention of disease in Manitoba.

In many homes Christmas this year will mean only wretchedness and pain; Tuberculosis has wrecked tired bodies and dulled sad hearts to the happiness and joy of the Christmas season. The more seals you buy the more these people can be helped, the more can tuberculosis be prevented from taking root in other homes.

Easy To Identify

Anonymous letter writers frequently print their missives in block letters, thereby expecting to foil recognition. The hand writing expert given their real hand writing can identify the block letters at almost a single microscopic glance. It was also stated that almost invariably the anonymous letter writer has a criminal record or criminal tendencies. He is never normal.

It isn't particularly consoling to the wounded hunter to be told what the other hunter mistook him for.

Dizzy, Light-Headed Specs Before the Eyes

Health Restored by a Simple Liver Tonic

In Smith Hill, Bermuda, there was an interesting case—that of Matthew McDonald. His whole body was affected by trembling—had dizzy spells and was light-headed. His general health was poor. "My health was very bad. My stomach and liver were much upset. I had vague pains in my back. My shoulder blades ached. Black speck floated before my eyes and I despaired of getting well. The doctor at my chemist's shop recommended me to use Dr. Hamilton's Pills. They made me well and strong. Now I sleep well, eat well and have strong nerves. I recommend my friends to use Dr. Hamilton's Pills."

Half-sick men and women who scarcely know what ails them, will be given a new lease of life with Dr. Hamilton's Pills. Depressed spirits disappear, headaches are forgotten, appetite increases, blood is enriched, pains at the base of the spine are stopped, the nerves are toned up, ambition to work is increased, and day by day the old-time health and vigor return. Get a few 25c boxes from your druggist.

Yukon's Tourist Attractions

Yukon has been known in the past almost entirely as a mining country but the tourist traffic is assuming a prominent place among the commercial assets of the Territory. The unique natural attractions, magnificent scenery, bracing atmosphere, continuous daylight during the summer season, and improved facilities for the tourist are the reasons for the rapid growth in the number of visitors.

Judging from bids for stands at the ocean resort at Brighton, England, ices are considered the most popular purchases by holiday-makers there.

CHAPTER XII.—Continued.

Helmi shuddered with the ugliness of it all, and looked wistfully after the train as it went on across the bridge to Mine No. 2. But when she looked up her heart was quickly lifted, for above her were the eternal hills of God, mistily purple, although the sun was so bright in the valley. They reminded Helmi that the ugliness of the scene below was a recent, temporary thing that could be speedily changed. The hills in their beauty, their strength and endurance were eternal. The rain and the wind had beaten on them for long centuries; the whole artillery of the skies had been marshalled against them, yet they had not been moved. The strength of the hills was in Helmi's heart when she walked across the narrow pavement and boldly asked for a job at the Elite Boarding House.

CHAPTER XIII.

Spring had come with its carpet of flowers, its radiant days and velvety black nights, spangled with stars and musical with the sound of rushing waters, for the snow of the mountains filled the river's course with a foaming flood on whose surface logs rolled, and sometimes broken trees. The gauze was covered with thick grass, through which the anemones looked up blue-eyed and shy through their furry caps, shading in color from palest pink through mauve into purple. Helmi had never seen them before, and wondered if this was their first time to come. The buttercups which followed were like those at home, and so were the cowslips—and the wild roses! The women laughed at her delight.

"Gee Whizz!" said Mrs. Turner, who lived near the boarding-house. "It doesn't take much to please the Finn girl. A day at a circus would kill her for sure if she makes such a fuss over a few little wildflowers."

The coming of Spring with all its beauty brought no improvement in the littered yards, where the condensed milk tins mounted higher and higher. Blinks still hung crooked, boards in the verandahs were still broken.

"There's no use putting on curtains," said Mrs. Turner, apologetically.

Is Your Stomach Troubling You?

Hamilton, Ont.—"Dr. Pierce's Golden Medical Discovery is a remedy for stomach and liver trouble that I can highly recommend. Before I took it I would have spells of intense suffering, but through its use I gained in weight and health and felt just fine. My friends even commented on my changed appearance."

—my complexion was better and my eyes brighter."—Mrs. Caroline Nelson, 74 Steachen St. E.

People in every walk of life today say Dr. Pierce's Golden Medical Discovery has restored them to health. It is a reliable medicine made from roots and herbs, sold by druggists, in both fluid and tablet form. Send 10c for trial pkg. tablets to Dr. Pierce's Laboratory in Bridgeburg, Ont.

Old Prophecy Deciphered

Mediaeval Magician Predicts Disappearance Of Britain In 3422

Paris will be wiped out in the year 3422 and Britain will disappear beneath the waves that she has ruled so long, according to a prophecy of the mediaeval magician Nostradamus, that has just been deciphered by the Adyar Society.

The destruction of Paris will be accomplished by "air vessels" that will hover over the city dropping death and annihilation, says the ancient prophecy. Nostradamus predicted the French Revolution and two hundred and fifty years before the beheading of Louis XVI. he described with the most minute details the clothes the King would wear when he was to mount the scaffold.

Nostradamus presented his prophecies to Catherine de Medici. The cipher appears to have told a consecutive story, harmless and innocuous. Now that the key has been found, a deeper meaning has been discovered.

the question "What is Home Without a Mother?" the other one gave strange but definite answer, "Peace, Perfect Peace." It was here that the men ate their meals, carried in on huge trays, which Helmi handled with all the grace of the women of the East who carry their water-bottles on their heads.

After the meals were over and the tables cleared the men played cards on the tables. Helmi's manner was detached and aloof. She was remembering Aunt Lill's advice, which was easy to follow in every case but one. Young Jack Doran, who washed before each meal, flinging the water out of the basin with a circling motion, always looked so clean and fresh when he came in that Helmi could not refrain from looking at him. His hair was dark brown and marcelled itself in spite of its regular washings. Mrs. McMann had said it was a pity to see such lovely hair wasted on a man. Helmi was careful not to show her admiration, but it was hard to keep from looking at Jack. His face shone out so clear among the grimy faces around the table, and though he called her "Finn-girl" it never sounded fresh. He asked her to go with him to a dance one Saturday night at the hotel, and although she wanted to go, for she loved to dance, by some perversity of spirit she refused.

"Finn, you're foolish," Jack said, "you should take your fun as you go. It's the only way to get any." But Mrs. McMann commended Helmi by telling her the men would think all the more of her if she didn't jump at the first chance she got to go to a dance. Mrs. McMann quoted many instances in her own past life to prove it. "The seldom seen the most admired," she said was a safe rule for any girl. Helmi did not see that it mattered much about being seen once more when three times she was seen carrying trays, and, anyway, she didn't care whether the men admired her or not—but she wanted to dance.

Helmi spent a dull evening in her room, listening to the ribbony voice of the fiddles, which came through the open window, and wondering who Jack Doran was dancing with now—not that it mattered to her she told herself over and over. She wrote a long letter to her sister Anna in Finland, and put a five-dollar bill in the letter for her grandmother, and tried to feel she was a good girl to stay away from the dance—but failed.

Mrs. McMann told the other women that she was glad to be able to say of Helmi that she knew how to keep the men in their place; how when Bill Larsen, the bartender, who was a good fellow, too, tried to get fresh with Helmi because he knew her language, she threw a plate of soap at him—good soup it was, too—but Helmi was just that kind, the first thing that came to her hand she used. No one had tried to get funny with her since, "and," Mrs. McMann continued, "she's a great girl for her English lessons, off every night, as

The "Flu" LEFT HER WITH A VERY WEAK HEART

Mrs. Beulah Demone, Pleasant River, N.S., writes: "Having suffered with the 'flu' a few years ago, I was left with a very weak heart."

"I was unable to go about, and could not do my housework."

"I would get dizzy spells and would have to go and lie down."

"I could not sleep at night as the least little noise would wake me up."

"I tried different kinds of medicine, but they seemed to do me no good."

"A friend recommended

I have used five boxes and am much better; do not get these dizzy spells, and can do my own work as well as ever."

Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

soon as her dishes are done, to the teacher over the river."

Helmi found life at the mines full of interest, too. From her window, which she washed clean the first day she occupied the room, she could see the mountains, and they answered to her every mood. When she was happy they lifted her up; when life was dull and gray, the mountains told her it didn't matter much—in a hundred years it would be all the same.

(To Be Continued.)

Medical Missionary Returns To India

Seventy-Two-Year Old Woman Resumes Duties After Furlough

Although she has reached the age of 72, Dr. Anna S. Kugler, the first American woman medical missionary to India, has by special dispensation of the Board of Missions of the United Lutheran Church in America been permitted to return as superintendent of Guntur Hospital. She built and developed this institution in the 44 years she has spent in India.

Returning to America on furlough in 1925, much broken in health, Dr. Kugler, then 70, was due to retire. But during the past summer the board granted her urgent request that she be permitted to return.

During her stay in America, Dr. Kugler received individual gifts totaling more than \$3,000, which she declared would be used to purchase new equipment for her hospital.

Dr. Kugler went to India in 1883, when even men medical missionaries were scarce. In 1904 she received from the Viceroy of India the silver Kaiser-I-Ind medal in recognition of her services to the people of India. Some years later the Government again honored her by adding a bar to this medal.

Little Helps For This Week

"It doth not yet appear what we shall be."—1 John iii. 2.

Have we not all, amid life's petty strife, Some pure ideal of noble life That once seemed possible? Did we not hear The flutter of its wings, and feel it near, And just within our reach? It was; and yet We lost it in this daily jar and fret, And now live idle in a vague regret; But still our place is kept, and it will wait, Ready for us to fill it soon or late.

—Adelaide Anne Procter.

There is no joy, there is no beauty, there is no glory of living or acting, no supreme moment you can picture in your dreams, that is not in your life as God sees it, stirring in the intuition you have of it now, waiting for you in the glorious fulfillment that shall be there.—Adeline D. T. Whitney.

Ruled Over Jungle Capital

King Of French Protectorate Lived In Lavish Luxury

Twenty years ago a king stood on a balcony of a hotel in Marseilles and dined handbills of gold and silver coins to the crowd below. "Vive la France!" he shouted as he scattered a fortune to the winds.

"Long live the king," screamed the appreciative crowd as it fought for the coins.

He lived to be 87 years old, and died the other day down in Cambodia, Indo-China, the little French protectorate where he ruled. King Sisowath had ten official wives, a harem of 100 beauties, 1,000 sacred dancing girls, and 146 children.

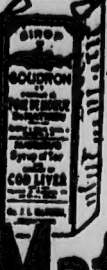

He lived in lavish luxury, ruled in title only, and only once left his little jungle capital. That was in 1906, when he toured France dressed in his costume of state—an old derby hat surmounted by a \$100,000 diamond, knickerbockers of gaudy silk, an ancient full dress coat and old shoes.

Holds Third Place

The Canadian poultry and egg production has reached a value of over 78 million dollars a year, according to a statement of the Hon. John S. Martin, Minister of Agriculture for Ontario, in the Poultry Supply Dealer. Ontario is by far in the lead with a production of over 32 million. Quebec is next with 13 million, and Saskatchewan third with 11 million dollars worth of poultry and eggs produced in a year.

Colonizing the West

464 Families Are Placed On 119,633 Acres Of Land In Western Provinces

During the first nine months of the present calendar year the Canada Colonization Association placed 464 families on 119,633 acres of land in the west. There were 133 placed in Manitoba on 26,810 acres; 175 families in Saskatchewan on 59,815 acres; 141 in Alberta on 28,421 acres, and 15 in British Columbia on 3,581 acres. The Association is a subsidiary of the Canadian Pacific Railway Department of Colonization and Development.

FOR MOTHERS OF YOUNG CHILDREN

Mothers are quick to praise anything which brings health and comfort to their little ones—any medicine that will make the baby well and keep him well will always receive hearty recommendation from the mother. That is why Baby's Own Tablets are so popular. Thousands of mothers, throughout the country, not only use them for their own little ones but are always delighted to be able to recommend them to other mothers. Thousands of mothers have proved Baby's Own Tablets to be without an equal in relieving their little ones of any of the many minor ailments which arise out of a derangement of the stomach and bowels. Baby's Own Tablets are the ideal laxative—easy to take but thorough in action. They banish constipation and indigestion; break up colds and simple fevers; expel worms and make the teething period easy. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Women are preferred to men as pearl divers at Takoku, Japan, because it is claimed they can stay under water longer.

Corns disappear when treated with Holloway's Corn Remover without leaving a scar.

A BROKEN DOWN SYSTEM.
This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a breakdown, as it were, of the vital forces that sustain the system. No matter what may be the causes (they are almost numberless), its symptoms are much the same: the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what a loss is absolutely essential in all such cases is increased vitality—vigor, vital strength and energy, to throw off these morbid feelings, and as night succeeds the day this may be more certainly secured by a course of **THE NEW FRENCH REMEDY, THERAPION No. 3** than by any other known combination. Sooner as it is taken in accordance with the directions accompanying it, will be restored health—be restored the EXPIRING LAMP OF LIFE LIGHTED UP AFRESH, and a new existence imparted in place of what had so lately seemed worn out, used up, and valueless. This wonderful medicine is suitable for all ages, constitutions and conditions, in either sex; and it is difficult to imagine a disease or derangement whose main feature is weakness, that will not be speedily and permanently overcome by this recuperative essence, which is destined to restore to life everything that had preceded it for this wide-spread & numerous class of human ailments. Sold by leading Chemists, or other return-mailing. Dr. J. L. Mathieu, Med. Co., Sherbrooke, Que., Canada.

better."—Marie Rummel. You begin
to feel stronger, eat and sleep better
the very FIRST week you take this
simple, strengthening iron and cod
liver compound. For over 25 years
Vinol has helped weak, nervous wo-
men, over-tired men and frail chil-
dren. (H. W. Chambers, Druggist.)

That friend of yours won't hear
from you—unless you order your
Christmas greetings quickly.

The

NEW CAR

ALL THAT engineers have learned,
all that millions of owners have
experienced in nearly a quarter of a
century, have made possible this car
which is today as far ahead of its time
as was the famous Model T in 1908.

Sixteen million automobiles, serving
their owners in jungle and desert, on
mountain and plain, on boulevard and
highway, were the test cars that have
made this new automobile possible.

Its advent marks a new epoch in auto-
motive engineering in point of inbuilt
quality—niceties of mechanical design,
lavish use of the finer metals, precision
in delicate machining processes.

Nowhere in its construction has there

been slighting of either major essen-
tials or minor details. From its outer-
most hub-cap to its innermost bearing,
the new Ford car epitomizes engineer-
ing skill to a degree unexcelled in the
annals of motor car manufacture.

This entirely new car surpasses the
accepted standards of light car accom-
plishment; sweeps aside all boundaries
of price class; establishes a new stand-
ard of acceleration, speed, power and
smoothness that heretofore has
marked only expensive cars as fine cars.

Yet Ford precision in large scale pro-
duction, unparalleled in the history of
automotive manufacture, places this
car within the reach of every purse.

An advance showing of the New Ford Car will be made Friday, December 2nd,
in the following cities:

Halifax, Peterboro' Winnipeg, St. John, Toronto, Regina, Quebec, Hamilton,
Saskatoon, Sherbrooke, Brantford, Moose Jaw, Montreal, London, Calgary,
Ottawa, Windsor, Edmonton, Kitchener, Fort William, Vancouver, Victoria

As rapidly as increasing production permits these public showings will be
extended until all of the 736 Ford dealer points have been covered.

If you live in one of the cities listed above, visit the exhibit of this New Car.
At other points, see your local dealer next Friday. He will give you complete
specifications, prices and an excellent conception of its unusual features.

LOCAL AND GENERAL

Messrs. Wood & Munro have had the pleasure of collaring a couple of decent prizes for their Clydesdale mares at the Toronto Royal Winter Fair.

Community Hall School Fair will hold their annual meeting at Community Hall on December 10th at 8 p.m. Teachers are invited.

A Christmas entertainment will be held in the Clovermount School on Friday evening, December 23.

A meeting of the Curlers will be held in the Rink on Friday, Dec. 2nd at 8:30 p.m., for the general purpose of electing officers and steps for the forthcoming season. All intending curlers will take high as their invitation to attend. They will be cordially welcomed.

The Lone Pine W.I. will hold their annual meeting in the Lone Pine Hall at 2:30 p.m. on Saturday afternoon, December 3rd. A full attendance of the members is requested as officers are to be elected for the coming year.

The Trail Ranger's annual meeting was held at the home of Mrs. Booker on November 26th. The evening was spent in playing games at the end of which prizes were given to the winners. The radio was a great attraction for a large part of the evening. Mrs. Booker served a delicious lunch with which the boys showed appreciation in a manner common to boys the world over. The Trail Rangers wish to express to Mr. and Mrs. Booker their thanks for a very delightful evening.

Among those present were Leonard Berscht, Keith Miller, Lance Carlson, Willard Hehn, Virgil Mjolsness, Pete Booker, Tony Toys.

The Ladies Aid of the United Church will hold a bazaar, tea and sale of home cooking at the Didsbury Opera House, on December 10th at 2:30 p.m.

The fowl supper given in the Lone Pine Hall on Friday evening for the benefit of the Wood's Christian Home at Bowness was well attended and the collection realized a nice sum for this cause. Mr. Woods was present and gave a splendid address on the work being done by the Home.

Notice

In the Estate of Frederick August Folkmann, late of Didsbury, Alberta, Farmer, deceased.

Notice is hereby given that all persons having claims upon the estate of the above-named Frederick August Folkmann, who died on the 2nd day of February, A.D. 1927, are required to file with the undersigned, solicitor for the Executors of the Will of the deceased, by the 31st day of January A.D. 1928, a full statement duly verified of their claims and of any securities held by them and that after that date the Executors will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims of which notice has been so filed or which have been brought to their knowledge.

Dated this 30th of November, A.D., 1927.

W. A. Austin,
Solicitor for the Executors
Didsbury, Alberta

BURNSIDE

Mrs. Joe Clark accompanied Mr. and Mrs. Barney Woods on a motor trip to Calgary on Thursday last, returning Saturday.

The pupils and teacher of Burnside School held a very enjoyable skating party on the creek on Saturday.

Mr. Leon Dall returned Monday to his home in Woodcock, B. C., after spending the harvest and threshing season in this district.

The annual meeting of Burnside U.F.A. will be held in the Lone Pine Hall on Monday evening, December 12th. Lunch will be served after the election of officers and other business is finished.

We are glad to hear that Howard Pross was able to leave the hospital last week. He is much improved in health.

Mr. Emil Metz who has been spending the summer near Carstairs is home for the winter.

M. Percy Saunders returned on Saturday from attending the Municipalities' Convention at Edmonton.

Don't forget the dance and box social under the auspices of the Burnside U.F.A. on Friday evening next, Dec. 2nd. With the proceeds of which, the U.F.A. expect to pay off some of the bond against the Hall and this will be a feature of the annual meeting on the 12th.

The Hall is now lathed and is ready for the plaster as soon as the weather will permit.

Promoting Health--Preventing Disease

The subject of immigration is creating widespread interest throughout Canada. The newspapers are full of it, churches and organizations of all kinds are discussing it, Governments, Federal and Provincial, are deeply concerned about it. In particular, there is much debate as to whether Canada is securing the number of British-born immigrants in proportion to the number of foreign-born essential to a proper assimilation of the latter and the maintenance of British ideals, customs and institutions in this Dominion.

But how many people who become greatly wrought up over the alleged lack of British settlers give more than a passing thought to losses in our Canadian-born population which could be prevented if they and others would but exercise the necessary caution. Last year, for example, according to the Canadian Social Hygiene Council, based on careful study by expert statisticians and investigators, the total number of infant deaths in Canada was greater than the entire immigration from the British Isles.

Why, it may well be asked, go to so much trouble and expense to bring in people and assist them to become established in this country while at the same time neglect those simple precautions which would result in saving the lives of babies in our Canadian homes? It is because of ignorance on the part of people and indifference resulting from such ignorance.

Since the war the Canadian Red Cross Society has conducted a persistent campaign for "the improvement of health, the prevention of disease, and the mitigation of suffering" with the slogan "All for health; health for all," but with only indifferent results. The Canadian Tuberculosis Association has with equal vigor sought to arouse and acquaint people with the facts relating to the great white plague. For three years past, research workers of the Canadian Social Hygiene Council have studied the statistics dealing with preventable disease and are now about to embark on a Dominion-wide campaign of education in an effort to secure the active interest and co-operation of the people of Canada.

As a result of the Council's research work they have ascertained that almost fifty per cent. of present-day illness is not necessary. It has been shown that, in Canada, there are 180,000 people ill each day and that, therefore, one-half of these, or nearly one per cent. of our total population, is continuously ill unnecessarily. It is estimated that the total cost of illness to the Dominion of Canada each year equals 75 per cent. of the Federal Government's total expenditure during 1924, or \$270,000,000.

This is by no means all. It has been established that preventable illness is the cause of a great many social problems with which, at first glance, it may seem to have no connection. Preventable illness brings preventable death and preventable death breaks up the home. These research workers investigated the question of juvenile delinquency and found that a large proportion of the cases coming to the juvenile courts came from homes disrupted by preventable death. Preventable death brought poverty in its train and poverty resulted in improper living conditions and provided a breeding ground for more preventable disease which in turn led to more preventable deaths. It is a vicious circle, resulting in enormous suffering and loss.

The most encouraging feature at present is the fact that the Dominion's leaders in business, finance and industry are awakening to a realization that health is a business problem; that they and their companies, their employees and their assistants, are now footing colossal bills as a result of unnecessary illness. Aside from the humanitarian aspects of the problem, it is now becoming more generally realized that preventable illness is imposing a huge financial burden on the nation and on the nation's business in all its many departments.

The Canadian Social Hygiene Council, the Red Cross, and other health agencies are agreed that it is now time for another great war—a war against illness. They are engaging in a campaign of education for recruits just as Kitchener and others campaigned for them in 1914-18. The crux of the problem is, will the people respond enthusiastically and in their thousands in a war to save life as they did in a war to destroy life? If the average man and woman can only be made to realize that guarding their milk and water supplies will make an epidemic of typhoid impossible, that small-pox, diphtheria, scarlet fever and other infectious diseases can be controlled and gradually wiped out as completely as leprosy or yellow fever, then they are going to see to it that their communities take the required action.

Science has made possible the accomplishment of this highly desirable result. It remains for the people to inform themselves and profit by the information which is so readily available to them.

Canadian Chamber Of Commerce

Constitution Is Given Executive Approval At Montreal Session

The constitution of the Canadian Chamber of Commerce, which was referred by the Vancouver convention to the national executive, was formally approved at a recent session of the executive at Montreal.

It was also urged to ask the Federal Government to appoint a commission to investigate the fisheries of B.C. with a view to their conservation.

A committee of commercial arbitration has been appointed by the national executive under the chairman-

ship of George Henderson, vice-president of the Montreal Board of Trade. On the committee with him are George H. Barr, K.C., of Regina, Sask., and President Lafollet, of the Montreal Board of Trade. The committee will study commercial arbitration as to its application in Canada.

It Will Relieve a Cold.—Colds are the commonest ailments of mankind and if neglected may lead to serious conditions. Dr. Thomas' Electric Oil will relieve the bronchial passages of inflammation speedily and thoroughly and will strengthen them against subsequent attack. And as it eases the inflammation it will usually stop the cough because it allays the irritation in the throat. Try it and prove it.

Goats Protect Oil Tanks

Some 1,500 goats are solving the problem of keeping the grass mowed on the 160-acre tank farm of the Marland Company near Ponca City, Kansas. The goats are doing wonderful work as mowing machines and keeping the grass well clipped as a protection against fire for the 14,000,000 barrels of crude oil and gasoline stored in the 160 tanks on the big farm.

The Navajo Indians keep alive the history of their past achievements by weaving pictures into their rugs.

Memorial Fund Growing

Over £200,000 Already Raised To Re-build Shakespeare Theatre

Lovers of Shakespeare all over the world will be delighted to hear that John D. Rockefeller has made a donation of £50,000 to the American Fund in aid of the rebuilding and endowment of the Stratford-on-Avon Shakespeare Memorial Theatre, and has offered a similar sum to the English fund. The amount now actually raised or definitely promised is over £200,000, half of which has been obtained through the efforts of the English committee, and half through the American.

This Wonder Liquid Dissolves Corns Quickly

Makes them shrivel up, makes them drop off, makes your sore toes well in a day or two. Relief is instantaneous. Paint on a few drops of Putnam's Corn Extractor tonight—see how well your sore corns feel in the morning. It's a wonder liquid—a marvel-worker. Nothing so good for sore corns as Putnam's Corn Extractor. Get Putnam's from your druggist—today. Satisfaction guaranteed.

Paid High For Poppies

The King and Queen, and Prince of Wales, paid £100 (\$500) each for their poppies. The Armistice Day sale of poppies was for the fund of the British Legion of Empire Service League which, under Earl Haig, the president, looks after the interests of ex-service men in need of assistance.

GAINED IN HEALTH AND IN WEIGHT

Now Gives All the Credit To Dr. Williams' Pink Pills

When a young girl becomes pale, complains of exhaustion at the least exertion, has dizzy spells, headaches or stomach trouble, she should know that these are some of the many symptoms of anaemia, which means that her blood is thin and weak. In such conditions there is the most urgent need for a tonic that will promptly restore the missing qualities to the blood and thus bring back health and strength. For this purpose there is no tonic can equal Dr. Williams' Pink Pills. Thousands of weak and ailing girls have found new health and happiness through this medicine. Miss Gladys V. Bond, Kentville, N.S., used this treatment successfully, and says:—"I cannot praise Dr. Williams' Pink Pills too highly for the good they have done me. I was in a condition of very poor health, suffered from severe headaches and nervousness. My appetite was poor, and very little exertion would leave me tired out. On the advice of a friend I decided to try Dr. Williams' Pink Pills. In a few weeks I began to feel better, my appetite improved, and the headaches were less frequent. I continued the use of the pills until I had taken six boxes, by which time I felt as well as ever, and I gained in weight from 98 pounds to 114 pounds. For this reason I advise all weak girls to try this medicine."

Try Dr. Williams' Pink Pills for anaemia, rheumatism, neuralgia, nervousness and stomach trouble. Take them as a tonic and cultivate a resistance that will keep you well and strong. You can get these pills through any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

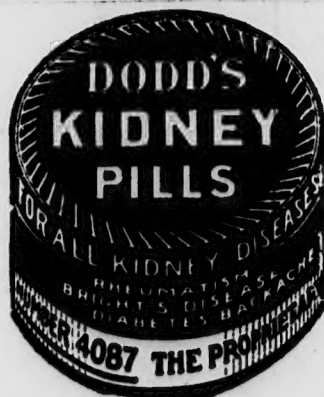

Elevator For Victoria

Work on clearing the ground for excavations and piling in preparation for the erection of Victoria's first grain elevator has just started at Ogden Point. A 1,000,000 bushel elevator, ready to handle its share of the 1928 crop, is contemplated.

Minard's Liniment for Neuralgia.

Foreigners now leasing an apartment in France are taxed according to the rent paid.

A new instrument for jazz music is keyless, and can be played by any one who can hum a tune.

SUNDAY SCHOOL LESSON

DECEMBER 4

ISAIAH TEACHES RIGHT LIVING

Golden Text: "Pure religion and undefiled before our God and Father is this, to visit the fatherless and widows in their affliction, and to keep oneself unstained from the world."—James 1:27.

Lesson: Isaiah 3:1-5:30.

Devotional Reading: Isaiah 55:6-13.

Explanations and Comments

I. The Parable Of the Vineyard, verses 1-6.—"Let me sing for my well-beloved a song of my beloved touching his vineyard." "Isaiah begins his discourse like a player who has a crowd around him, and with altering words addresses and rouses up himself and his hearers. But the winged rhythm, the musical euphony, and the graceful assonance of the invocation are inimitable, and cannot be reproduced in a translation."—Delitzsch.

"My well-beloved (Jehovah) had a vineyard in a very fruitful hill (the land of Canaan)." He gathered out the stones, dug it well, planted the choicest vines, built a watch tower and hewed a winepress; but instead of the choicest grapes, which he had expected would repay all his care, the vines yielded only wild grapes.

"The owner had a right to expect much from a vineyard on which he had lavished so much thought and care. So God expects us, especially those of us whom he has blessed with high privilege and opportunity, to respond to his love by bearing fruit."—J. E. McFadyen.

"And now, 'Ye inhabitants of Jerusalem and men of Judah,' Isaiah cried, 'Judge, I pray you, betwixt me and my vineyard.' The prophet of God identifies himself with God: as Knabenbauer says, he speaks out of the thoughts of God. 'What could have been done more to my vineyard, that I have not done in it? Wherefore, when I looked that it should bring forth grapes, brought it forth wild grapes?' Isaiah's hearers are silent, for the answer was evident, the fault lay not in the owner of the vineyard. After a pause the prophet continues: 'And now I will tell you what I will do to my vineyard: I will take away the thorny hedge, and it shall be eaten up; I will break down the stone wall, and it shall be trodden down; and I will lay it waste; it shall not be pruned nor hoed; no rain shall fall upon it; and it shall be given over to briars and thorns and ruin.'"

"Thus God deals with nations and individuals. He gives an opportunity to all, with the one desire that there should be an adequate response, but when the yield is of wild grapes, sooner or later judgment must fall."—F. D. Meyer.

Recipes For the Week

(By Betty Barclay)

PUMPKIN PIE

1 cup steamed strained pumpkin.
½ teaspoon salt.
½ teaspoon ginger.
½ teaspoon cloves.
2 teaspoons cinnamon.
3 eggs.
1 cup canned sweetened condensed milk.
1 cup water.
Unbaked pie crust.
Mix ingredients in the order given; pour into pan lined with unbaked pie crust. Bake in a hot oven (450 degrees F.) for about ten minutes, then reduce the temperature to moderate (350 degrees F.), and bake for about thirty-five additional minutes, or until the filling has set.

PINEAPPLE BAVARIAN CREAM

Dissolve a package of lemon-flavored gelatin in one-half pint boiling water. Cool slightly, then add one-half pint juice from canned pineapple. When cold and beginning to thicken whip until it will drop from a spoon in a lumplike mass, and quickly fold in one cup of grated pineapple. Add two cups whipped cream sweetened. Pile lightly in stem glasses and garnish with cherry rings or pineapple.

Peevish, pale, restless, and sickly children owe their condition to worms. Mother Graves' Worm Expeller will relieve them and restore health.

Want Own Air Force

The leading Indian princes have applied to the Indian office for permission to organize their own air forces under Imperial guidance as part of the scheme for increasing the air defence in India. They propose a certain number of native officers trained by the British Air Force, in return for which they are willing to bear all expenses of the new force. The British war minister, who is now in the East, will confer on the matter with the Council of the Chamber of Princes in Delhi.

Minard's Liniment for Grippe.

LESSON No. 18

Question: Why is emulsified cod-liver oil so needful for a child who is pale and losing weight?

Answer: It is food and tonic rich in vitamins and other nourishing factors that are particularly helpful to a weakened child.

For your child—old reliable

SCOTT'S EMULSION

New Comet Discovered

Is Enormous Distance From Earth Say German Professors

A new comet invisible to the naked eye, situated in the constellation of Pisces (The Fishes) and with the brightness of a star of the thirteenth to fourteenth magnitude, has been photographed at Hamburg University by Professors Schwarzman and Watch.

The comet appears on the photographic plate as a nebula formation with a distinct nucleus. Its daily movement had been very slight, proving that it is an enormous distance from the earth.

Certain morbid conditions must exist in the stomach and intestines to encourage worms, and they will exist as long as these morbid conditions permit them to. To be rid of them and spare the child suffering, use Miller's Worm Powders. They will correct the digestive irregularities by destroying the worms, conditions favorable to worms will disappear, and the child will have no more suffering from that cause.

So important is whale fishing to the Faroe Islanders that when word comes to a church during service that whales have been sighted every man, woman and child immediately leaves and runs.

The BABY

Why do so many, many babies of today escape all the little fretful spells and infantile ailments that used to worry mothers through the day, and keep them up half the night?

If you don't know the answer, you haven't discovered pure, harmless Castoria. It is sweet to the taste, and sweet in the little stomach. And its gentle influence seems felt all through the tiny system. Not even a distasteful dose of castor oil does so much good.

Fletcher's Castoria is purely vegetable, so you may give it freely, at first sign of colic; or constipation; or diarrhea. Or those many times when you just don't know what is the matter. For real sickness, call the doctor. Always. At other times, a few drops of Fletcher's Castoria.

The doctor often tells you to do just that; and always says Fletcher's. Other preparations may be just as pure, just as free from dangerous drugs, but why experiment? Besides, the book on care and feeding of babies that comes with Fletcher's Castoria is worth its weight in gold!

Children Cry for

CASTORIA**

REWARD WHEAT BRINGS HONORS TO MANITOBA

Winnipeg.—Representatives of the Manitoba Department of Agriculture and of the Manitoba Agricultural College declined to comment on the report from Ottawa that the grand championship entry of Reward wheat at the Royal Winter Fair, Toronto, was unauthorized.

Eastern press despatches said the wheat was only loaned to the Manitoba Government by the Dominion Experimental Farms, Ottawa, for testing and never was intended for exhibition.

A statement from the cereals division of the Department of Agriculture, Ottawa, said the entry was "unauthorized." It was said that samples of Reward were sent to various farms in the prairie provinces for "testing" on the understanding that the grain would not be exhibited.

The championship wheat was exhibited at Toronto by William Pierce, of the Manitoba demonstration farm of Birtle, Man. At the Toronto grain auction sale the "winning bushel" was purchased by J. B. Almey, of the horticultural branch of the Manitoba Department of Agriculture.

J. H. Evans, deputy minister of Agriculture for Manitoba, commented enthusiastically on the fact that Manitoba grown wheat had won the coveted award.

"Winning of the highest honors is all the more remarkable an accomplishment when we consider that this has been a somewhat 'off year' for wheat in this province," said Mr. Evans.

Mr. Evans is looking forward to Manitoba-grown wheat giving a fine account of itself at the international fair at Chicago.

"I found in looking over samples of the seed sent to the international that the wheat which won the grand championship at Toronto was not by any means the only good wheat available," Mr. Evans concluded.

Orders Coronation Robes

War Lord Preparing To Crown Himself Emperor Of China

London.—A despatch to the Evening News from Tokyo says that Japanese correspondents at Peking report that the Northern generalissimo, Chang Tso-Lin, is now preparing almost openly to crown himself emperor.

Coronation robes have been ordered from Soo-Chow, where the best silk is obtainable.

The Manchurian chieftain, who heads the Northern military alliance will proclaim his era the military mountain era. He will rename China "the mighty expensive empire."

The throne of China became vacant on February 12, 1912, when the country became a republic, although the last Manchu emperor, Pu Yi, retained the title of Emperor of the Manchu Imperial House up to November 5, 1924.

Women and the Senate

Toronto.—It was three women were recognized by appointment to the Senate, declared Miss Grace Hunter, Toronto, at the Ontario Women's Liberal Association executive meeting here. She urged that women logically should have a place on the Senate's committees, especially on the divorce and public health committees. Miss Hunter, who is a lawyer, thought the British North America Act might be interpreted as permitting appointment of women to the Senate.

New Zealand Butter For Canada

Auckland, N.Z.—The Niagara has sailed with 20,000 boxes of butter for Vancouver, this being the largest Canadian shipment so far recorded. The vessel has also 1,870 boxes for Honolulu, and 1,000 boxes for Shanghai. The Niagara is due in Vancouver December 9.

Chinese Bar War Film

Harbin, Manchuria.—Chinese authorities have banned the showing of the motion picture "The Big Parade," after a protest from the German consul. He claimed the film was unfair to Germany.

Survey Homesteads Along Bay Railway

Some Quarter Sections Now Open For Entry Says Minister Of Interior

Ottawa.—Homesteading facilities in the territory adjacent to the Hudson's Bay Railway and the progress of the surveys in that country were outlined by Hon. Charles Stewart, Minister of the Interior and Mines.

The Minister said: "From time to time during the past few years various officers of both the departments over which I preside have made investigations and carried out surveys in the territory adjacent to the Hudson's Bay Railway route. Lands immediately adjacent to the railway from The Pas to Mile 221 have already been surveyed into quarter sections and are now open for homestead entry.

"Data of considerable worth has been secured respecting the location, extent and value of agricultural lands, forests, water powers and minerals. Land and aerial surveys have been projected over much of the region and active progress has been made in mapping the area more completely.

Additional land surveys will be made in any areas that are found suitable for immediate settlement and generally such activities will be undertaken as will enable the government to adequately cope with any development that completion of the railway may bring about."

Hazing Is Punished

Freshman Class Of Guelph Agricultural College Is Fined

Guelph, Ont.—The Ontario Agricultural College faculty assembled to hear the complaint against the freshman class for hazing Edward Beddoes, a young English student of the class. By decision of the faculty and student body, the class was fined \$150 and are ordered to be confined to residence every night with the exception of one night each week, for the balance of the term. An apology from the class must also be given to the offended freshman.

The hazing of Beddoes was an attempt, it is said, on the part of his fellow class mates of the freshman year to inflict student justice on the young fellow for "sneaking to the authorities over some minor matter."

Navigation Season Near End

Montreal.—Despite the fact that the St. Lawrence navigation season is rapidly drawing to a close, there are 12 liners and tramp steamers for which grain orders have been received by the Montreal harbor commission. All these vessels are now loading or due to load. It is probable that the orders will be increased with open weather being maintained on the St. Lawrence.

Horseshoe Pitching Contest

Toronto.—An attraction not on the official program occurred during the horse shoe pitching contests at the Royal Winter Fair here when Hon. G. Howard Ferguson, Ontario premier challenged Hon. W. D. Ross, Lieutenant-Governor to a match. Stripping off their tail coats, the premier and Lieutenant-Governor played two games to the greatest enjoyment of those present. Mr. Ferguson lost.

Transfer Of Human Eyes

Buffalo, N.Y.—Medical science of the future may make possible the successful transfer of human eyes. Dr. Lucien Howe, of Buffalo, has spent 20 years in research on the problem and has succeeded in shifting eyes from the lower classes of animals to those of the same species which are blind. He believes this eventually may be done with humans.

Took What He Needed

New York.—New York has one robber who is this sort of a chap—when he needs \$11.60, that's all he takes. No matter what's in the till. A young man walked into a cigar store, held up the clerk, took \$34 from the cash register, counted out \$11.60 and put back the remainder.

"That's all I need," he said.

Soviets Deny Report

Moscow.—The Soviet Foreign office flatly denied reports from Bucharest that Soviet war vessels were on a mysterious cruise in the Black Sea seeking particularly to capture all ships which formerly belonged to the White Russian fleet.

Wins Coveted Prize

Major R. S. Timmis, D.S.O., who recently at Madison Square Gardens, New York, rode Bucephalus, famous charger of the Royal Canadian Dragoons, to victory over thirty of the world's best horses in the jumping event and succeeded in bringing the George III. challenge cup to Canada.

West Wins With Clydesdales

Saskatchewan Captures Majority Of Prizes At Royal Winter Show

Toronto.—Victories were scored one after another at the Royal Show here when horses from Saskatchewan walked away with the big majority of prizes in the Clydesdale class.

Among other classes and in other divisions, entries from the West fared well at the show.

Altogether Saskatchewan entries won grand and reserve championships, the senior, junior and reserve junior championships, the Carlisle and Walker House trophy for the best Clydesdale stallion in the show, five first, three seconds, three thirds and ten other prizes for Clydesdale mares. Manitoba won six prizes, and Alberta two. The reserve senior championship went to Don Aida Farms, Todmorden, Ont.

Refused To Meet Miners

Premier Baldwin Declined Interview With Deputation From Wales

London.—The hopes of 250 unemployed miners who marched from Wales to lay their troubles before Premier Stanley Baldwin were shattered by an announcement that the Prime Minister would refuse to see a deputation representing the men.

Mr. Baldwin referred to the request of the miners for an audience to the Ministers of Health, Labor, Pensions and Mines.

Although disappointed, leaders of the miners contend that the object of the marchers was achieved as the march focussed public attention on the mining situation. The men held a farewell demonstration at Trafalgar Square, and then entrained for Wales.

Pays Over Fifty-Two Millions

Calgary.—The Alberta Wheat Pool handled a total of close to 45,000,000 bushels of wheat from the 1926 crop. It was revealed in the report of R. D. Purdy, the manager, presented at the annual meeting of the pool. The total amount of payments to growers, it was stated, was \$52,364,090.64.

Corn From the Argentine

Port Arthur.—A shipment of fifty thousand bushels of corn from the Argentine is being unloaded for the Ogilvie Mills at Port William where it is to be used in the manufacture of poultry scratch food. It is the first of Argentine corn to be carried to the Head of the Lakes for manufacture.

Will Continue Family Settlement Scheme

More British Settlers To Be Brought Out Next Year

Calgary.—Arrangements have been made to continue the 3,000 British families settlement plan for 1928, according to information received by W. S. Woods, superintendent of the land settlement board.

Mr. Woods declared that a survey will be made immediately to ascertain the probable number of farms that will be available for the families coming out next spring. It will not be possible to estimate the number of families to be brought to Alberta until this survey has been completed.

It may be necessary for the Calgary office to send a representative to Great Britain to assist with the selection of families for this district. Mr. Woods declared, however, that most of the selective work would be carried on by the representatives of the department of immigration already in the Old Country.

It is understood by local authorities that the settlers will begin to arrive in April and that all the methods followed in former years with regard to their welcome in the new land and their settlement upon farms which have reverted to the government will be carried out next year.

Bay Line Service Extended

New Train Will Carry Both Passengers and Freight

The Pas, Man.—On November 27, the train service on the Hudson's Bay Railway was augmented by putting in commission a way-freight with coach for passenger accommodation. The regular train colloquially known as the "Muskeg" will thereafter carry passengers and through freight only. The new train will leave The Pas every Sunday morning at 7 o'clock and will unload and pick up freight at all points along the line. This new service will materially facilitate business along the line in respect to both passenger and freight traffic.

Ship For Canadian Trade

Liner Laurentic Was Built Especially For This Purpose

New York.—Faith in the Dominion of Canada was expressed by C. V. Mitchell, vice-president for traffic of the International Mercantile Marine, at a banquet held on the new White Star Liner Laurentic, to mark her entry into the Atlantic trade.

The Laurentic, Mr. Mitchell said, has been built expressly for the Canadian trade, because the White Star Line believed in Canada, her present greatness and her future. The Laurentic will take her place in the Canadian trade next spring.

To Retain Guillotine

Paris.—The guillotine, official instrument of execution in France, will still continue to function despite a movement to suppress the death penalty. A bill to do away with the death penalty was defeated by the close vote of 8 to 7 in the committee of civil and criminal legislation of Parliament.

Nominated Labor Candidate

London.—Reginald Francis Orland Bridgeman, embassy counsellor in His Majesty's service, has been nominated as Labor candidate for the Uxbridge division of Middlesex in the next election. He is a cousin of Viscount Lascelles, Princess Mary's husband and a cousin of W. C. Bridgeman, first lord of the Admiralty.

TURNER VALLEY OIL FIELD ROCKED BY EXPLOSION

Calgary.—Three men and two young children may die as the result of terrible injuries sustained when a terrific explosion, caused by the ignition of the gas flow from the Stockmen's Well, rocked the entire north end of the Turner Valley Oil Field, about 45 miles south of here. Two other men were less seriously injured and are expected to recover.

The blaze was a most spectacular one which could be seen for many miles around and recalled to mind some of the disastrous fires which have visited this oil field in the last few years.

Because of the great rapidity with which the flames spread, helped on by the gas flow, it was thought useless to summon the aid of the Calgary City fire department, as apparatus and fire fighters would have arrived too late to be of any material assistance.

Situated away from the mass of derricks which sprinkle the central portion of Turner Valley, help was delayed in reaching the blazing well and for some time the crew, surprised at their work in the derrick house, fought for their lives. Only after a thrilling struggle did they succeed in winning their way to safety through the blazing derrick timbers.

Three million feet of gas, high in gasoline content, was rising and flaring through the red hot casing top and the escape of the men who were compelled to leap for their lives was considered miraculous.

Sues British Government

Russian Manufacturer Claims Payment Of \$10,000 Cheque

London.—The British Government has been sued to honor a cheque for £10,000 alleged to have been endorsed by the Government's diplomatic agent in Moscow in 1918, later stitched into a Russian's fur cap and eventually smuggled out of Russia after the revolution concealed in a man's boot.

It is claimed that the cheque was endorsed by the British agent because he wanted Russian currency, and that he obtained rubles for it.

The cheque was passed to Hirschberg, a textile manufacturer, who carried it for safety in his cap and afterward sold it to Benecaronowitz, who smuggled it out stitched in the sole of his boot after the Bolsheviks had confiscated a forest for which he had paid £25,000.

The Government disputes the allegation that the cheque was signed by the British Crown.

Reluctant To Build Cruisers

Britain Hopes Naval Limitation May Yet Be Reached

London.—The British Government is reluctant to lay down more 10,000-ton cruisers at present, in the hope that naval limitation may yet be reached. Rt. Hon. W. C. Bridgeman, First Lord of the Admiralty, told the House of Commons recently.

Replying to a question in the House, Mr. Bridgeman said that a new situation had arisen owing to the fact that, although Great Britain's proposals for limitation in the number of large 10,000-ton cruisers had not been agreed to at Geneva, the discussion left the hope that a limitation might be reached. In these circumstances, he added, the British Government was reluctant to lay down any more of these cruisers at present.

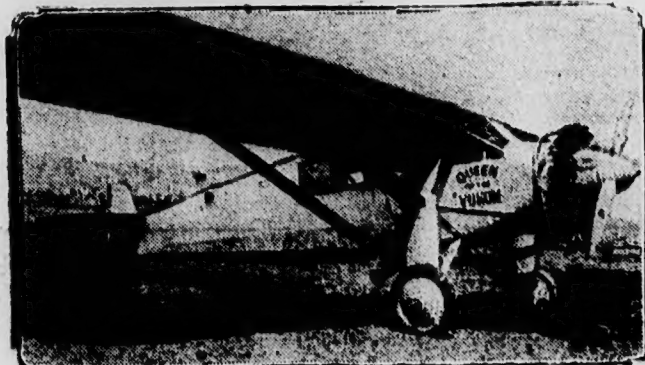

Neglect Was Costly

Montreal, Que.—This city's failure to sand the sidewalk at an intersection resulted in the city's condemnation to pay damages of \$1,000 to Max Sher for injuries sustained by his minor daughter, Sophie, who slipped and fell on the sidewalk and suffered a fracture of the left ankle.

Population Of U.S.

Washington.—The United States will have a population of about 124,000,000 about 1930, Census Director Stuart predicted in his annual report to Secretary Hoover. The 1920 census, Mr. Stuart added, indicated a population of 105,710,620 for continental United States.

Winter Mail For Dawson City

"The Queen of the Yukon," a sister to Lindbergh's "Spirit of St. Louis," will this winter carry the mail into Canada's most northerly metropolis, Dawson.

24 Days to Xmas

We have Just Received our Christmas stock of imported peels, nuts, raisins, currants, etc., right from the orchards.

Starting December 1st, we will give with every purchase, a number, one of these numbers Will entitle its lucky holder to a beautiful clock - of a new design: this clock runs without rewinding, for ONE YEAR ONE MONTH! FOUR DAYS! 16 HOURS! and SIXTY SECONDS!! This wonderful clock is on display at our store - come in and see it and make a purchase, you may be watching what will be yours ???

The opening prices on Turkeys are now at 25c for live weight and 32 cents for dressed. We want your poultry - All of it. We'll pay the highest cash price.

DIDSBURY

The winter carnival at Banff is to be held from February 4 to 11 this year, according to L. C. Orr, President of the Banff Winter Sports Association. Preparations are under way that give promise of a greater carnival than ever staged at this famous mountain resort.

An exceptional crop of blueberries has been gathered this season, according to the agent of the Canadian Pacific Express Company at Kenora, 324,767 pounds having passed through his office to date, and approximately 30,000 pounds being shipped over the lakes to the United States. The estimated value of the total shipment is placed at about \$38,000.

The names of Nungesser and Coll, who sought to fly the Atlantic but failed, will live forever in the place names of Canada. The topographical survey, department of the interior, has issued a new map of the gold bearing areas in the vicinity of Woman Narrows and Birch Lakes in northwestern Ontario. The names of these two aviators from France have been given to two lakes.

E. W. Beatty, chairman and president of the Canadian Pacific Railway, has announced in a telegram to H. R. Silver, president of the Lord Nelson Hotel Co., at Halifax, that the railway company has decided to subscribe to the extent of \$350,000 in financing the hotel. Construction of a \$1,250,000 hotel building will commence immediately.

Canada's "Agricultural Jubilee" is to be celebrated this year according to an announcement made by the Hon. W. R. Motherwell, minister of agriculture, who has taken the matter up with various provinces. It has been decided to hold the celebration in connection with the Royal Winter Fair at Toronto, November 16 to 24 as the new building erected there jointly by the Dominion and Ontario Governments offer a splendid setting for this event.

In spite of the milk embargo Canada's exports of milk and cream to the United States have been well above the average this year, according to Washington figures. The total exports of milk and cream, chiefly the latter, show an increase of 34,000 gallons during the seven months' period January to July. The exact figures, 1,096,798 gallons compare favorably with 1,062,756 gallons in 1926 and 1,055,161 gallons in 1925.

Church Announcements

EVANGELICAL NOTES.

The services of Rev. W. W. Krueger, P.E., Regina, were much appreciated last Sunday in his ministry at all three appointments, Sunnyslope, Westcott and Didsbury.

The Evangelical League of Christian Endeavour meeting on Monday evening was supported by a very fine group of young people. The main features of the evening's exercises were a short address by Rev. Krueger on "Whither Guest Thou?", a well rendered duet, several readings, and also several instrumental selections by Mr. Herner of Kitchener, Ont., on his guitar. Mr. Herner is a master of this instrument and we hope to hear him again while at Didsbury.

The S.S. program committee for our annual Christmas service has been busily engaged in this connection for several weeks past. The program is well under way. Watch this column for further announcements week by week.

Christmas and New Year's both fall on Sunday this year but as usual it will likely fall hardest on father.

KNOX and WESTCOTT

Westcott 11 a.m. Lone Pine 3 p.m. Didsbury at 7.30 p.m.

The minister is taking for his theme "Building the City of God." The second sermon of the series will be given Sunday, December 4th.

Last Sunday the minister said, "When men cease to know any God, private morality begins to dissolve, politics become mean and hideous. A good description of Hell would be a place in which the only power is money power, and that is what begins to boom ahead in a world that knows no God."

Sooner or later (and not so very much later), in such a world, men and women know no virtue, family life dissolves, business knows no mercy, politics know no honor, and so life robbed of both dignity and joy becomes a nightmare.

LUTHERAN CHURCH

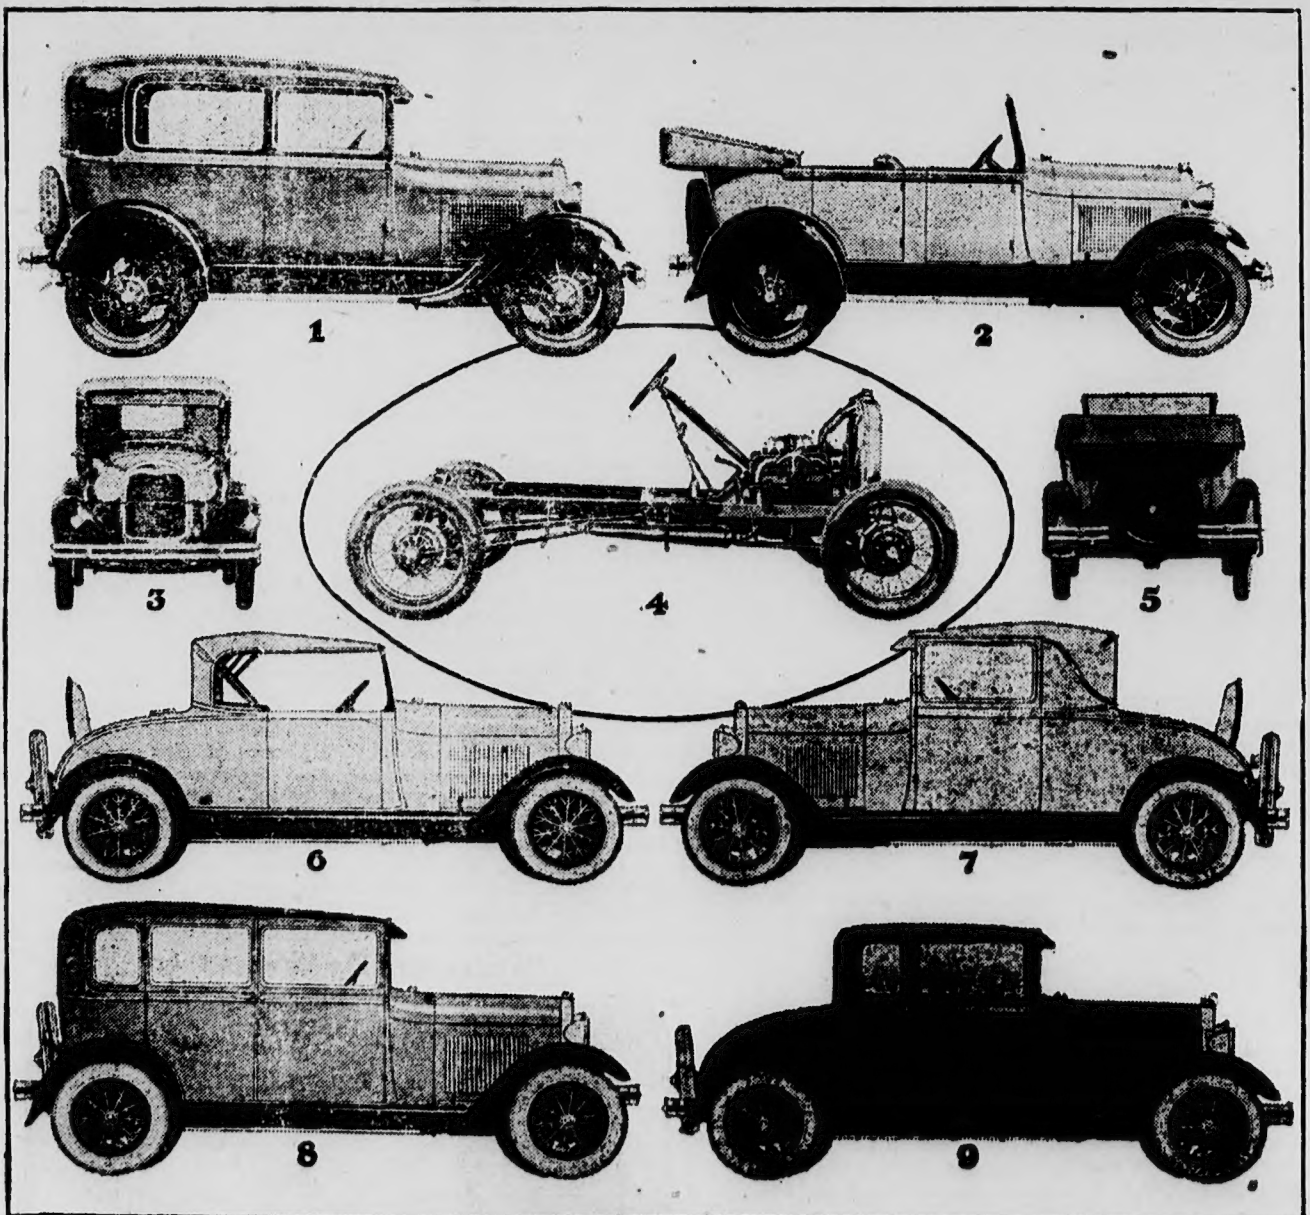

Westcott 10.30 a.m. German.

Didsbury 2.30 p.m. German.

The days immediately preceding the final judgment are described as days when men in utter disregard of their Creator will devote their time solely to eating and drinking, buying and selling, planting and building. Are those days upon us now or is their supposed presence merely a delusion? Is the religious indifference of the day merely a passing defect or is it an abiding sign and a sign of the times? In the address on Sunday wherein the final judgment will be presented these and kindred questions will come into consideration.

The Lutheran Layman's meeting held in Calgary on Sunday evening, at which both local congregations were represented, was a success throughout.

A General Misconception—There is a lot of trouble in this world because some men think they have learned finance before they have learned simple arithmetic.

FIRST AUTHENTIC PHOTOGRAPHS OF THE NEW FORD CAR

The six body models and chassis of the new Ford car are shown above. The new car has graceful, distinctive lines, exceptional power, unusual speed and getaway. It has been driven at more than sixty miles per hour; accelerates from 5 to 25 miles per hour in 8½ seconds in high gear; travels 40 miles per hour in second gear; is fitted with three-speed transmission of Lincoln

design and is completely equipped. Each model is offered in a number of bright optional color combinations. No. 1 is the new Tudor; 2 the new Phaeton; 3, front view of the new Tudor; 4, the new Chassis; 5, rear view of the Phaeton; 6, the new Sport Roadster; 7, the new Sport Coupe; 8, the new Fordor Sedan and 9, the new Coupe.
